

PARTNER TESTIMONIALS

“I thoroughly enjoyed my time at HCC connecting with faculty, staff, and local church leaders. Everyone I encountered was eager to learn, grow, and discover innovative pedagogical strategies to more effectively reach and teach the next generation. I cannot speak highly enough of my time in Ghana and my experience leading training sessions for faculty and local ministry leaders.”

Megan G. Brown, Ph.D.

*Associate Professor of Christian Ministries
University of Northwestern – St. Paul, MN*

“I was excited to launch an effort with HCC faculty to teach them how to teach and apply lean start-up methodology delivered through WebEx. It was a great experience that I’ll always cherish and I’m even more excited that this has established an ongoing opportunity for collaboration between Lipscomb and HCC. I look forward to hopefully visiting Ghana in the very near future to further engage and advance upon this training with students and faculty.”

Rob Touchstone

*Director – Center for Business as Mission
Faculty College of Business
Lipscomb University*

WAYS TO GET INVOLVED

Onsite or Remote Volunteering

Your professional skills can be highly utilized. Services such as contractor and architectural work, design, financial planning, vocational/technical skills and engineering are just a few professional services that can help HCC continue to expand.

Specific needs include:

- Update AutoCAD documents for the classroom building
- Create an updated 3D model of the master plan for the campus and adjacent building owned by HCC
- Provide engineering and/or architectural advice for technical/vocational school building, determine and design remedial work if needed, create 3D model of facility for PR/marketing and fundraising presentations
- Engineering advice and assistance as we evaluate Lipscomb University's design and testing of an alternative waste treatment facility
- Advice and assistance in locating a viable biodegradable plastic bottle to be used by our future water bottling company
- Help with specifications and selection of water bottling equipment for the factory
- MAKER Lab: Help suggest and provide useful tools and learning experiences for our students
- Conduct a seminar on investment management

This is not an exhaustive list. If you have a talent, skill, profession or trade that you would like to share with us, please contact us to see if any current projects might fit.

Sponsor a Student

Sponsor a student in the following ways: tuition scholarships, funding for laptops, and covering the cost of meals.

Naming Rights for Facilities

HCC is in the beginning stages of constructing new buildings and naming rights are available.

Church Advocacy

Promote HCC at your church through: church bulletins, missions committees and presentations, special offerings, and/or invite us to come and speak; simply setting up the opportunity is a tremendous help.

Host Events

Help host an event for HCCF at your church to help raise awareness for HCC's mission and raise funds to benefit HCC.

Percentage Donation Nights

Holding percentage nights at restaurants or businesses is an effective way to help raise money for HCC. Churches, teams, schools or businesses can organize a percentage donation night in their community to raise funds.

Initiatives on College Campuses

Build relationships with Church of Christ university students and faculty to spread awareness of HCC's current work. Your campus can partner with HCC to help them continue their mission through opportunities such as student mission trips, student organization partnerships, and much more.

Entrepreneurism/Business Startup

Coach/mentor a student or students in the development of business plans and proposals and as they progress into launching their businesses.

Social Media Advocacy

Following us on social media and sharing our Facebook, Instagram, Twitter and LinkedIn posts with your friends and family can help grow our network to include those who are unaware of the college and the foundation.

Prayer

The power of prayer is undeniable. Devoting your time and thoughts to the students and staff is an impactful way to contribute

These are just a few of the ways you can partner with HCC to help transform Ghana and advance the Kingdom of Christ. Please contact us today to get started.
